Re: Records submission / claim reconsideration

Patient: OLIVER FINCH · Member ID: GSH001234508

Claim: CLM-1008 · DOS: 2026-06-24

To the Claims Review Team:

Granite State Health Plan denied the referenced service under CO-50. RARC not supplied identifies the missing documentation. Please reconsider the claim upon receipt of the attached signed Certificate of Medical Necessity. This request is limited to service line A0425 (2026-06-24), denied amount \$276.00.

Decision basis

ERA 835 for CLM-1008 (Granite State Health Plan, DOS 2026-06-24) shows the claim paid 1150.00 of 1426.00 with status 1, but service line 2 (A0425, 12 units, billed 276.00) was denied in full for CO-50 (not medically necessary), group code explicitly CO, so the 276.00 is payer liability rather than patient responsibility (patient_responsibility 0.00). No RARCs or payer reason text were supplied and no source discrepancies were listed; the item appears only in the ERA (no clearinghouse record), so there is no duplicate (CARC 18) or prior-auth timeliness question in play. Medical-necessity line denial on mileage is addressed by supplying supporting clinical documentation (PCS/trip record establishing medical necessity for the loaded miles), and the fact sheet flags an external attachment as likely required; packet prepared by the biller for fax, not transmitted by this application. Confidence tempered because no RARC or payer narrative explains the necessity criteria applied.

Please send the written determination to the provider address above. For questions, contact the submitting biller.

Sincerely,

Billing Department
