Re: Records submission / claim reconsideration

Patient: ELEANOR BRAND · Member ID: GSH001234505

Claim: CLM-1005 · DOS: 2026-06-20

To the Claims Review Team:

Granite State Health Plan denied the referenced service under CO-50. The payer cited remark code N115 (The decision followed a Local Coverage Determination). We are submitting the clinical records supporting the medical necessity of this transport and ask that the claim be reconsidered on that record. This request is limited to service line A0433 (2026-06-20), denied amount \$1620.00.

Decision basis

ERA 835 shows an explicit CO-group CARC 50 (not medically necessary) denying the full 1620.00 billed for HCPCS A0433 (ALS1 emergency) on DOS 2026-06-20, with RARC N115 indicating the decision followed a Local Coverage Determination. CO group means provider liability, not patient responsibility (patient_responsibility 0.00), so this is a payer denial that can be challenged with clinical documentation demonstrating medical necessity under the cited LCD; computed flags indicate external attachments are likely required and there is no duplicate (no CARC 18) and no listed source discrepancies. The claim appears only in the ERA 835 source (appears_in_both_sources false, no clearinghouse ref/status), so the record set is single-sourced. Records packet to be prepared by the biller; no appeal-timeliness or prior-auth window is asserted since none is supplied.

Please send the written determination to the provider address above. For questions, contact the submitting biller.

Sincerely,

Billing Department
